Focus on Sackville Street

J & J Harrop Registered Chiropodists/Podiatrists look forward to another 60 years of business in Goitside

We were established in Bradford in 1947, when my father, Mr James Street, opened his practice initially on Sunbridge Road. He later transferred to No 87 Kirkgate, before eventually moving to the present practice address at 3 Sackville Street 30 years ago.

Therefore, we have a well-established historical interest in the Goitside area. We, as a family business, have always tried to maintain a warm and friendly personal service to our patients, whilst upholding the highest professional standards which our profession requires.

This engenders a strong loyalty from our patients, which usually links them to our practice for life. When they are no longer able to make the journey to the surgery, because of illness, infirmity or old age, our domiciliary service is available.

We also service nursing homes, residential homes and residential centres in and around Bradford and the surrounding district.

We are a husband and wife team and, as we look forward to working in the area for many years to come, we have a keen interest in the regeneration of the area and eagerly anticipate its implementation and completion.

J & J Harrop have had a practice in Bradford for nearly 60 years

Sackville goes retro with a modern twist

Along with long established businesses Sackville Street is the location of Bradford's newest and best restaurants.
